

KITCHEN SINK PACK

CONTENT: 80% NYLON/20% POLYESTER
CAPACITY: 1910 CUBIC INCHES

Each Oakley pack has its own premium features. If you can't choose between them, get them all in a single pack that offers every conceivable innovation. From the mobile phone pocket to the padded sleeve that holds widescreen laptops up to 17", the Kitchen Sink Pack gives you everything you need to haul your gear. The top storage compartment is fleece lined and compression molded, perfect for protecting eyewear — or use it for a media player and take advantage of the headphone port. Cable zipper pulls let you add a lock to secure the main compartment. The mid-body access flap includes an inner organizer, and a compartment at the bottom has drainage ports for wet or soiled items. You also get plenty of pockets, attachment points and tie downs.
